Tyton's Tele-Pro Package

Your company's phone system isn't a necessary evil. It's a marketing tool and an opportunity to strengthen your brand.

Make an impression with a professional auto-attendant voice.

Keep your clients informed and entertained with on-hold messages and music.

Using professional voiceover artists and our own unique music library, Tyton has all the elements needed to make your company sound bigger over the phone. Use Tyton's Tele-Pro Package to upgrade your auto-attendant, on-hold presence, voicemail greeting, or any combination of the three.

\$300 Package Gets You *

- One page of professionally-voiced content - 12pt Arial font**
- Your choice of voice
- Your choice of on-hold music from Tyton's music library
- Bilingual greetings available upon request
- Any file type and sample rate to accommodate your phone system
- Files are delivered to you via download link

*In Canadian Dollars Plus 13% HST. Price is for the audio only. It does not include importing the files into your phone system.

**If the text exceeds the page limit, additional text costs \$0.20 per word.
